GlassPrint Conference 2023 powered by glasstec

25 - 26 April 2023 GlassPrint again in Düsseldorf, Germany

Düsseldorf, 02 March 2023 – The world's leading trade fair glasstec and GlassPrint, Europe's only conference and exhibition specifically for the decoration of hollow, flat and speciality glass, are continuing their cooperation. The two events will thus continue to support each other in the future, making GlassPrint 2023 "powered by glasstec".

GlassPrint 2023 will present the latest trends and developments for improving end products, reducing production costs and increasing process efficiency. It will take place on 25 and 26 April 2023 at the Radisson Blu Scandinavia Hotel in Düsseldorf.

GlassPrint will gather an international audience of glass manufacturers, decorators, end users, original equipment manufacturers, suppliers and brand owners. They can expect a high-calibre conference programme consisting of technical presentations by specialist speakers and lectures by leading representatives of the industry such as BV Glas, FEVE, Glass for Europe and Messe Düsseldorf/glasstec. The exchange of information and knowledge offers many opportunities to make new connections and strengthen existing relationships.
