- ALUMINUM PROFILE FOR INTERNAL GLASS PARTITIONS
We Design and Produce Business Solutions

At INTERMETAL S.A. we have the ability and capacity to undertake the most demanding projects made of glass and steel.

Our twenty seven years depth expertise and dedication in the design, manufacture and trade of glass systems and accessories, allowed us to develop a knowledge that is highly respected in our sector.

The challenges of modern glass constructions, give us the motivation to constantly improve our products and services beyond our customers’ expectations.

The customer orientation and our philosophy ensure our clients’ satisfaction, providing superior quality products, on time.

HOW TO ORDER

0000.000.00
PRODUCT NUMBER . DIMENSION . FINISHING

Dimensions are used for a limited range of products.
Wherever there is no dimension the product number is followed by the finishing code.

- .25 SATIN ANODIZED

ZINC ALLOY [ZAMAC]
- .15 MIRROR CHROMED
- .16 SATIN CHROMED
ALUMINUM CASE FOR GLASS / WOODEN DOORS

Designed for a quick and easy assembly, depending on the thickness of the wall it can be adjusted in five internal widths W: 70-100mm/95-125mm/125-140mm/140-175mm/175-205mm.

Available with the INAL® hinges code 173, 173V & 179, hinge plate is designed to support the glass safely, provided at the same finishing of the case profiles. Also combined with the hinge INAL® 170. Door Opening up to 150°.

Additional rubber gasket "Ω" fitted around the case to provide sealing and silent closing. With distinctive design that suits in the majority of internal spaces.

For a perfect final effect we recommend INAL® locks 243G, 280, 280WC and 910, 910C, 903G latches and the Door Ball Catcher K100-10.

The aluminium case INAL® is also available for interior wooden doors, with the same dimensions and functions. Combined with the hinge INAL® W100.
