# DUAL HEAD ULTRA SERIES X

*Billco's Dual Head Ultra Series X cutting system provides the capability to convey and cut two plates of stock glass, up to 72" x 96" simultaneously. This high production system is specifically designed for large volume insulating glass producers who use coated glass.*

## Processing Capabilities

Maximum Glass Size: (2) 72" x 96", or (1) 130" x 96"

Glass Thickness Range: 2.5–19mm

Bridge and Head Drive: Linear Motor

Volume: Mid to High

## Technical Specifications

Table Height: 36"

Cut Path Tolerance:  $\pm 0.010$ "

Electrical Requirement: 480V 3ph 60Hz

## Industries

Architectural

TWICE THE  
PRODUCTION RATE

PRECISION  
ACCELERATION AND  
DECELERATION

DESIGNED FOR  
INSULATING GLASS  
PRODUCERS

# DUAL HEAD CUTTER

## Key Advantages

Twice the Production Rate: Cuts two matching lites of glass simultaneously for IG production

Precision Acceleration and Deceleration: Delivers precision and speed for smooth and reliable cutting

More Powerful Cutting Head: New cutting head design with a frameless motor delivers superior precision

Designed for Insulating Glass Producers

Robust Table: Heavy-duty design for long lasting machine

## Outstanding Features

Servo Driven Belt Drive System

New Cutting Head Oil Delivery System

## Common Optional Features

Protective Film Removal

Edge Deletion System

Automatic Cutting Wheel Changing System

BatchBan Cutting Optimization Software

Production Monitoring Software

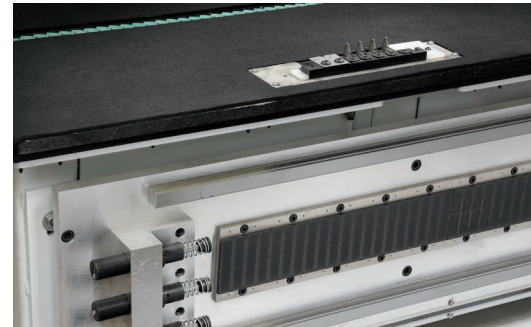

Real-Time Feedback Software

## Supporting Equipment

Automatic Free Fall

Air Float Load Tables

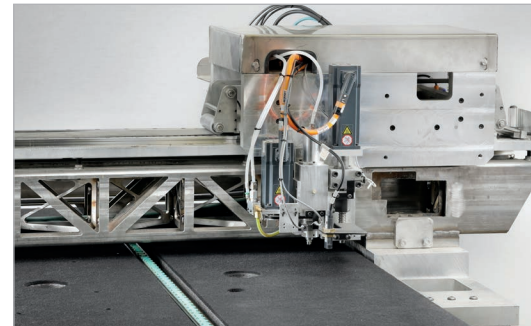

Air Float Breakout Tables

Automatic Tool Changer

True CNC Control

More Powerful Cutting Head
